

RTI LABORATORIES, INC.

Environmental, Chemical & Materials Testing

RTI Laboratories is one of the nation's leading independent testing labs. Established in 1986 and operating out of 24,000 square feet in Livonia, Michigan we are a full-service environmental, chemical and materials testing laboratory. RTI has grown into one of the largest independent testing labs in the Midwest by serving clients such as the U.S. Government, major automotive companies and many tier one suppliers. We strive to exceed client expectations by focusing on our scientific expertise and professional service. In order to meet these goals, RTI incorporates a career development program to find talented individuals who want to build lifelong careers in environmental and materials testing.
