Dear Jerry Singh:

RTI Laboratories Inc has been granted secondary accreditation pursuant to the provisions of 1VAC30-46 and The NELAC Institute (TNI) 2016 Standard by the Division of Consolidated Laboratory Services (DCLS). Enclosed please find Certificate 13114 and the corresponding Scope of Accreditation which are valid until 09/14/2025. The certificate must be conspicuously displayed in the laboratory along with the associated Scope of Accreditation.

Your laboratory is required to notify the DCLS Virginia Environmental Laboratory Accreditation Program (VELAP) in writing of any changes in key accreditation criteria within 30 calendar days of the change per 1VAC30-46-90 A. This requirement includes changes in ownership, location, key personnel, and major instrumentation.

A laboratory holding secondary accreditation with VELAP is responsible for assuring that VELAP has current information regarding the laboratory's primary accreditation. Upon any change in the status of any field of accreditation, a secondary laboratory must notify VELAP of the exact nature of the change and provide a copy of the laboratory's new primary certificate.

Please direct all correspondences and questions regarding accreditation to your laboratory's lead assessor, Michael Casalena, at [michael.casalena@dgs.virginia.gov](mailto:michael.casalena@dgs.virginia.gov) or (804) 648-4480 x303.

Sincerely yours,

*Michael Casalena*
